FAIL TO AGREE

(By Associated Press)

Berlin, March 25. — Inter party deliberations looking to the reorganization of the German government had been fruitless up to 7 o'clock tonight. Unexpected attacks on Vice Premier Schiffer and increased dissension in the wing of the Socialist party, led by former Chancellor Scheidemann, featured the day.

(By Associated Press.)

Berlin, March 26. — Mr. Herman Mueller, the foreign minister in the Bauer cabinet, has been requested to form a new cabinet.

WILL NOT TREAT
WITH THE REBELS

(By Associated Press)

Coblenz, March 26. — It was stated in German official sources last night that Wesel, the government fortress northwest of the Ruhr region, besieged by a workers' army, was still in the hands of the government troops at nine o'clock last night, although the fighting was heavy.

The government officials declared they had definitely decided not to negotiate with the revolutionaries in the Ruhr region, because of their violation of the armistice agreement Tuesday and Wednesday. In Berlin it was said the situation was still unsettled.

(By Associated Press)

Columbus, O., March 26. — Dry leaders have practically abandoned hope of obtaining a reversal of the result of the Ohio referendum election on the federal prohibition amendment through a recount of votes in approximately one-sixth of the precincts of the state.

With only fifteen contested precincts remaining to be recounted the wets still retained a majority of 203 votes against ratification today.

Commenting on the outlook, Charles Earhart, special commissioner representing the dries in the recount, today declared it is unlikely the dries will reduce the wet majority.

SHOE CUTTERS ASK INCREASE

Cincinnati. — Shoe cutters of this city have asked for a wage increase ranging from 76 to 90 per cent beginning May 1. It was explained by an official of the union that the impression that cutters are earning from \$40 to \$60 a week was erroneous. The officials said the average earning was \$1300 a year and they wanted an advance to \$2300. He also asserted that the manufacturers had offered the men a 25 per cent increase.

(By Associated Press)

Washington, March 26. — The Germans by their superior gunnery "turned the British on their heads" at the battle of Jutland, Rear Admiral Plunkett declared today before the Senate committee investigating the Navy's conduct of the war. He told the committee that the Navy was without sufficient men when the war began.

"If we had been up against Germany at the outbreak of the war," he said, "we would have been paying indemnity today, and all because we did not have the trained men."

"We did not have the men because Secretary Daniels would not let us have them and would not let us do anything to get them."

Charges that the Navy Department took steps to prevent reports reaching the public regarding a shortage of personnel in the Navy before the United States entered the war were made before the committee today by Captain J. K. Taussig of the Naval War College at Newport, Rhode Island.

Accuses Wood and Says Ex-
penditures Are "Shameful"

(By Associated Press)

Washington, March 26. — Charging that "war profiteers" had combined to control the republican and democratic national conventions, Senator Borah, republican, of Idaho, today told the Senate that the pre-convention expenditures of some presidential candidates presented a "shameless situation" providing a "saturnalia of corruption" unless Congress called a halt.

The Senator's charges made in presenting his bill for limitation of pre-convention expenditures started a debate in which senators on both sides joined.

Reading a published story that "testimonials" endorsing Major General Wood were being purchased in Indiana at the rate of \$250 each, Senator Borah said he had been advised plenty of affidavits to the same effect were on file in a neighboring state.

Kidnaper Gets "Cold Feet"
And Leaves Boy at Hotel.

Lad Used Telephone to Notify
Parents of His Whereabouts.

(By Associated Press)

Lexington, Ky., March 26. — Paul Little, 12-year-old son of E. R. Little, Lexington capitalist, who has been held for ransom, was found this morning locked in a room at the Phoenix Hotel.

Mr. and Mrs. Little first learned the whereabouts of their son when the latter telephoned his home from the hotel room.

He said he had been kept a prisoner there since Wednesday night. Investigation disclosed that the room had been reserved in advance by a man who registered as J. C. Cox, of Cincinnati.

The frantic parents, overjoyed at news of their son's safety, hurried to the hotel and took him home.

The boy disappeared from in front of the Lexington postoffice Wednesday afternoon, where he had been seen in conversation with a man. Soon afterward, the father received a note that his son was being held for ransom.

Little would not state positively, but intimated that the amount asked for was \$25,000. At the appointed hour, 7:35 o'clock last night, Little deposited a package containing the money in a Main street garbage can. When he returned a half hour later, the package remained intact, and it was believed the kidnaper had gotten "cold feet."

At seven o'clock this morning, the key for the room in which the boy was found was turned in at the hotel desk. Fifteen minutes later, Mrs. Little, called to the telephone, was overjoyed to hear the voice of her son.

SEEK KIDNAPER

Paul Little was put to bed soon after he was taken home. He said he was given only two bananas, a cake and an apple during his confinement. He said he was constantly terrified by his captor with a pistol and was afraid to call out. He only saw one man, his kidnaper, although he heard him call another by telephone. Police here and at Cincinnati were searching today for the kidnaper of whom the boy gave a good description.

TRAVELING MEN SET PRECEDENT

A precedent has been established in local hotel history by the number of traveling men who are stopping in this city every night.

Never before has there been the number of drummers, traveling men and representatives of manufacturing companies canvassing the country. A local hotel man stated that the number had increased one third more than he had ever experienced.

Reasons put forward for the swarms of traveling men is that more service men are getting back into the commercial world and that production is catching up with demand.

Newberry Convicted

Senator Truman H. Newberry, of Michigan, his brother and a number of his political associates have been convicted on a charge of conspiring to violate the laws forbidding the excessive use of money in election campaigns.

We must accept the verdict of the jury as being based on facts and warranted by the evidence.

Senator Newberry will not relinquish his seat in the Senate pending the disposition of his case by a higher court to which he has now appealed for a reversal of the verdict of guilty.

There is surprisingly little said excusing the prosecution or the conviction of Senator Newberry as the result of action by political enemies. The whole proceeding, thus far, seems to have been launched and conducted as any other criminal prosecution.

The Senate of the United States should, if it is not proper at this time, to oust Senator Newberry permanently, at least take steps to protect itself and the nation from his participation in the actions of that body.

We are inclined to believe, however, that the Senate of the nation should be above suspicion and that cannot be if one member is justly suspected of wrongdoing.

Convicted by a jury and sentenced to serve two years in the penitentiary at Leavenworth is assuredly ground for suspecting Senator Newberry's fitness to sit in the Senate. True, the taint may be removed, but it is a brand now which marks him as one unfit.

There Must Be Cause

As the full force of the decision of the United States Supreme Court, holding legal the so-called steel trust is realized, the opinion that hereafter no combination of business will be subjected to prosecution simply because of size and prosperity, gains strength.

Hereafter it is to be the rule, according to the principles recognized in that opinion, that until there has been some wrong committed business organizations no matter how prosperous are to be allowed to continue.

We have, unjustly and unconsciously, drifted into the belief that, regardless of right or wrong doing, regardless of effect on the public, whether for good or for evil, any big prosperous business was a menace to the welfare of the people.

Exactly the contrary was true. The great progress of the nation, the development of our vast domain, the bridging, with transportation lines, of the vast continental distances, the joining of the East and the West, the North and the South, bringing the remote producers to the very doors of the great markets of the world, making the remote sections near neighbors to the world, securing the vast stores which nature had cached in out of the way places and under the earth's surface—all these things beyond the accomplishment of individual finance or energy, have been accomplished by combinations. Some—too many—combinations have sinned against the people in this greed for gain and that brought hatred of all until the supreme court recognized the distinction which should be drawn under the law.

The Home-Spun Stuff

From several sections of the country come reports that wives and daughters of the households are bringing out of the places where they have been stored away or removing from the corners and nooks given over to the display of antiques and heirlooms, the old spinning wheels and putting them to use.

The scarcity of linens and the high prices demanded has caused folks to turn again with favor to the stout homespun stuffs.

Indeed society folks in a great many sections have adopted the homespun goods as the ultra-fashionable fabric for the spring and summer wearing apparel.

As we grow older we look with more favor on the creations of the olden times. We of the present generation cannot remember the days of the spinning wheel in actual use in the household, but most of us have seen the graceful wheels above the mantel or in the "den" of later days as a reminder of grandmother's girlhood days, recalling the simple, genuine and independent customs which prevailed in those days when our grandparents were young. We have been looking back now, some of us must confess, with a feeling of envy on those days when it was so much easier than it is now, with the household self-sufficient, in every way, for young folks to get a start in the world.

And who of us indeed has not read of the courtship of Priscilla and John Alden? It is not improbable that the younger folks of today may stage, in real life, numberless reproductions of the romance of Priscilla and John if linens remain so scarce on the market and so high in price and the society folks continue in force their present favorable decree for homespun stuff.

POETRY FOR TODAY

YEARNING

Could I but live o'er the yesterday
Knowing life as I know it today.
My hair would still be a golden brown
Instead of all streaked with gray.

Could I have known the friends as
they were,
Have seen their faces, of their masks
stripped bare,
My heart would be whole and my face
still fair,
Instead of all furrowed with lines of
care.

Had I but listened to that voice within,
My soul would not have been blacken-
ed with sin,
What a strange, weird thing is this
drama below
With its actors not knowing which
way to go,
And not until ready to die will they
understand
That they've builded their lives
On the shifting sand.

HEALTH BOARD
STILL INACTIVE

No action whatever has been taken by the Fayette county Board of Health it was reported from the Auditor's office Friday afternoon. Also there are no outward signs of any action at present.

The filing of a health budget, for which a meeting was called two months ago, has not taken place. It is understood that it is almost impossible to get the members together because some of the men do not want to serve on the board.

TRACKS SOAKED
WITH GASOLINE

A B. & O. Train into Hillsboro was delayed for a half hour last Tuesday, when 1500 gallons of gasoline soaked the tracks from a leaking tank. Employees were transferring gasoline to the storage tanks, Truhmen were afraid to run the gasoline soaked area for fear of sparks igniting it. A hose line was run and the inflammable material washed away.—Leesburg Citizen.

POULTRY RAISING
ON THE INCREASE

Fayette county poultry raisers are planning on raising an unprecedented number of chickens this spring. At every farm an unusually large number of hens and incubators are ready to hatch chicks in large numbers.

This activity is prompted by the high prices which chickens and eggs have commanded and the high price they promise to bring in the future.

Not only is poultry raising on the increase in the rural districts but it has taken a firmer grip on the suburban city and an old hen with her brood will not be an uncommon sight even in some of the brick street sections of the town.

Demand for chickens from the hatcheries is reported to be unusually heavy.

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

A noteworthy event in the New Holland chapter Eastern Star was the inspection and supper of Thursday night. Nearly two hundred Eastern star members including a number from Columbus, this city and Jeffersonville were assembled in the hall and everything passed off with the utmost smoothness.

Mrs. Cora Gaines Carroll, Worthy Grand Matron of Ohio O. E. S., of Willoughby, inspected the chapter and warmly praised the work beautifully put on under the direction of Mrs. Ethel Owens, Worthy Matron, and Mr. Carl Binns, Worthy Patron.

The conductress of the New Holland chapter presented to Mrs. Carroll, Mrs. Eva J. Penn, Past Worthy Grand Matron of Ohio, and Mrs. D. H. Rowe, Deputy Grand Matron in this District lovely corsage bouquets.

Following the work there was a delightful social hour and an elaborate two course luncheon served.

Upon my life, good little wife, This coffee's frightful dusty. Some peddler must Have sold this dust. It tastes so flat and musty.

The dust and chaff often found in coffee sold by peddlers and syndicate stores result from improper grinding. Golden Sun Coffee is steel cut. This releases all the flavor and aroma and avoids dust and chaff. Your grocer sells it.

Members of the local chapter who attended were Mrs. Wm. Waddell, Worthy Patron, Mr. George Chaney, Worthy Patron and Mrs. Chaney, Mr. and Mrs. Will N. Hay, Mr. and Mrs. Glenn Pine, Mr. and Mrs. Will Klever, Mesdames Eva J. Penn, D. H. Rowe, Geo. Hays, Raymond Feagins, Corinne Larrimer, Pauline Custis, Clara Davis, Margaret Colwell, Martha Mark, Wheeler Bay, Logan Buzick, F. O. Chino, Misses Vera Veall, Lulu Rowan and Berte Coffman.

Miss Edith Kendall delightfully entertained with an informal little dance at the Powell home Thursday night.

Edison and piano music and dainty refreshments were features in the evening's pleasure. The dining room was illuminated by brightly burning red candles.

Miss Kendall looked very pretty in green foulard made with harem skirt in minaret effect.

The Ohio Federation of Women's clubs will have a club day at the state fair, which is to be held August 30 to September 4. Plans are being made to make Ohio state fair club day a big event. Mrs. William H. Sharp, Columbus, the state federation head, expresses the hope that Ohio club women will attend in large numbers from all parts of the state. Committees are to be announced later.

The membership Y. W. C. A. drive is now on; committees formed and plans well under way.

Membership in the Y. W. C. A. means affiliation with one of the strongest organizations not only of your state or your country but of the world. Identification with the Y. W. C. A. means an extension of your interests not only throughout your own community but with other women in Europe, the Near and Far East and in South America. Their problems become your problems. Anything which may in any way affect the welfare of women throughout the world becomes

a situation of vital interest to you.

Nineteen-twenty is a year in which we can no longer live within ourselves. America has broken the barriers which separated her for two centuries from participation in world events. We of the Western Hemisphere have dropped our cloak of isolation and have become one with the world.

This is just the reason why the Y. W. C. A. is asking for the support of every woman in your community and in your state. An opportunity confronts the Y. W. C. A. as a result of the war, which under other circumstances would have taken decades to bring about. It has become, through the recognition of our government and those of Europe, one of the most potent forces for shaping the future welfare of woman. The war came and the Y. W. C. A. stood ready to perform one of the greatest services to the manhood and the womanhood of the world engaged in the war. Peace has come, and with it the period of reconstruction for world progress. The Y. W. C. A. wants to go forward and play her part. There is a place in the great circle for every woman of the world to do her part.

MUST REPAIR ROADS TO RETAIN MAIL

Unless township trustees and citizens of Huntington township, Ross county, get busy and repair their roads rural mail service will be abandoned in that district after April 15, is the edict of Postmaster Wolfe, of Chillicothe.

The roads in Huntington township have caused the carriers much delay and they have been forced to get out of their cars and fill chuck holes while the populace looked on. The postmaster states that it costs \$17.20 per stop to deliver mail in that township but that the patrons of the routes do not seem to appreciate it.

How Soldier Dispersed Attacks

"For two years my stomach trouble was very bad, my doctor had to inject morphine on several occasions when I was stricken with these attacks. Since taking 4 bottle of Mayr's Wonderful Remedy I have been entirely well and am serving in the artillery, having been pronounced in perfect health by government physicians." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

FORMER MEMBER
M COMPANY DIES

Albert Houser, 26, former member of M Company, O. N. G., this city, and son of Mrs. David Speakman, of New Holland, passed away at the home of his mother Thursday afternoon at two o'clock, death, it is claimed, being due to acute attack of pneumonia.

The young man, who was an employee at the Arlington hotel in this city for two or three years, had been working for Charles Holland, near Johnson's crossing and became ill on Wednesday. He was taken to a doctor in New Holland but his condition was not deemed serious and he went to the home of his mother for the night. Thursday he grew rapidly worse but the nature of his ailment, it is said, was not determined until after death, when it was pronounced pneumonia.

The young man enlisted in M. Company for service on the Mexican border, later being discharged as physically unfit for regular army duty.

Funeral services will be held Saturday afternoon at two o'clock and interment will be made at New Holland or Piketon. The body was taken to the home of his sister, Mrs. Walter Zimmerman, where the services will be held.

VEGETABLE GROWERS
ARE ORGANIZING

An effort is being made throughout the trucking sections of Ohio to organize the vegetable growers into county organizations. These organizations, through their representatives will greatly strengthen the Ohio Vegetable Growers' Association which is affiliated with the Vegetable Growers' Association of America. Members of the county units will automatically become members of the state and national organizations.

The vegetable growers are planning on becoming closely associated with the Farm Bureau which is now organized in each county in the state except one.

The purpose of these organizations is to protect the vegetable growers against unjust legislation, to determine and to reduce the cost of production, to give the public accurate information concerning vegetable growing, and to improve marketing conditions for both the producers and the consumers.—O. LISTLESS?
WATCHOUT

That Dull and "Always Tired" Feeling Usually Precedes Sickness—Invites It.

"Run Down" Means Weak Blood

Be Vigorous, Happy, Alive! Take Pepto-Mangan, Famous Blood Builder.

Remember how dull, tired-out, and depressed you felt before that last serious illness you had?

Any doctor will tell you there's always danger when you get run down. That's the time when disease germs get their chance. You admit you're not feeling just right, but forget it's probably because your blood is weak and watery. That kind of blood can't keep up the fight against ever-living germs. First thing you know, you're ill—seriously.

It's much more sensible—and safer—to keep feeling fine, to start taking a good tonic at once when you're let down and depressed.

Pepto-Mangan has been known for years among physicians as "the red blood builder," a standard remedy that agrees with the most sensitive stomach, and is convenient to take. Comes in either liquid or tablet form, equally effective.

For rich, vigorous blood—the kind that side-steps sickness and keeps you active and alert in every fiber—start taking Pepto-Mangan today.

At any druggist's. But be sure you get the genuine Pepto-Mangan—"Gude's." That name should be on the package. Ask for "Gude's" Pepto-Mangan—Advertisement.

Gossip is the mother-in-law of slander.

THIS LITTLE WOMAN
GAINED NINE POUNDS

Says She Is More Grateful To Tanlac Than Words Can Express For it Brought Her Health And Happiness.

MRS. OLIVINE PELTIER
of Winooski, Vt.

"I am more grateful to Tanlac than words can express for it has given me health and happiness after twelve long years of suffering," was the statement made the other day by Mrs. Olivine Peltier, No. 26 East Allen Street, Winooski, Vt.

"I had been troubled so long with nervousness and sleeplessness that my housework was a drag and I got little pleasure out of life. My appetite left me entirely and at times I could hardly bear the sight of food and what little I did eat caused me severe suffering afterwards. Gas would form on my stomach so badly that it affected my heart and I thought I had heart trouble.

"I was so nervous I would jump at the least unexpected noise and would drop everything I had in my hands. I got so weak and faint at times that I would have to catch hold of something to keep from falling over. My sleep was broken and restless and I was losing weight rapidly. I had little strength or energy and, as I had tried all kinds of medicines without relief, I had become very much discouraged over my condition.

"My husband had been taking Tanlac and when I saw what wonderful results he was getting I decided to

try it myself and now I think as much of Tanlac as he does because it has helped me the same way.

"My appetite has come back and everything agrees with me perfectly. I am taking on weight rapidly and have already gained nine pounds; in fact, I feel perfectly well in every way. Tanlac has done wonders for me and I am only too happy to tell others about it."

Tanlac is sold in Washington by C. S. Haver, in Lowell by Masons Drug Store, in Jeffersonville by J. B. Davis and in Oeta by I. W. Murphy.—Advt.

GET IN at the BEGINNING

Last year we consistently urged our Clients and the Investing Public to buy AMERICAN MORTGAGE stock when it was selling at par \$100 per share. The price subsequently advanced to \$105 and then to \$110, and the entire authorized issue of \$1,000,000 was subscribed. This Company uses its capital for city real estate financing only, in construction loans and the purchase of second mortgages. AMERICAN MORTGAGE has just declared an extra dividend in addition to the 7 percent paid on the stock. The few shares available are being held at \$110 per share.

We now advise the purchase of stock in THE FARM MORTGAGE COMPANY OF OHIO. This Company uses its capital exclusively for mortgage loans on improved, producing farm property, one of the safest forms of investment known. The Company is in actual operation and can put every dollar of new capital immediately to work at very good net profits.

FARM MORTGAGE stock is now selling at par \$100 per share; the price will be advanced with the progress of the Company. 7 percent interest per annum, semi-annually in July and January, is allowed you from the date of all cash or installment payments on stock subscriptions. SUCH INTEREST IS IN ADDITION TO ANY DIVIDENDS THAT MAY BE DECLARED ON THE STOCK. FARM MORTGAGE stock is all Common and you thus share in all the net earnings; it is non-taxable in Ohio, non-assessable and free from the Normal Federal Income Tax. We advise you to get in at the beginning on this high-grade real estate security. SIX VICTORIES FOR WASHINGTON IN EIGHT GAMES

Washington High School finished the basketball season by winning six out of eight regularly scheduled games and winning two out of four games played during the two tournaments in which the school participated. Although the school did not take the South-central Ohio tournament the team made as good showing in scheduled games as in previous years.

Figures showed that the team scored a total of 179 points to their opponents 158 in the eight games played, while beaten in the tournaments Washington High outscored the four teams faced and made 76 points to 58 for the opposition. Among the most notable games of the season was the holding of Doane Academy, runner up in the Southern Ohio Tournament at Athens, to 14 points while the local school made half as many. Another of mention was the Blue and White victory over Xenia on the Xenia floor, 14 to 13.

This was the first year for sometime that the girls have been recognized to any extent on the basketball floor and they demonstrated their ability by winning two out of three games. The Girls Varsity lost their first contest to Wilmington, 10 to 4, but came back and beat the same team by the same score on the Wilmington floor. In the last game of the season Circleville was beaten 13 to 11. It is planned to have a regular schedule for the girls next year.

Here is the way Washington High won their six out of eight games played.

SUGAR SUPPLY BEST IN MONTHS

Not many months has there been as much sugar available for the consumer as at the present time, but how long this will last is problematic as the market threatens to tighten up again next week. However for the past few days almost any quantity a consumer desired could be purchased at nearly all of the grocery stores.

There has been no noticeable change in the price per pound to the consumer for the last three months or more and there are no indications now that the price will fluctuate either up or down to any marked degree. The price has been unusually steady with very little vacillation.

Fancy sugars are the only branches of the plain article that are scarce but the demand for these is never equal to the bulk sugar.

Nearly all beet sugar has been consumed and the market is made up of the cane variety.

"OLD HOME NIGHT" AT PRESBYTERIAN CHURCH

Friday night is "Old Home Night" at the First Presbyterian church and Dr. H. N. Faulconer will preach, with his ready eloquence, on the old fashioned home and its influence.

Special preparations have been made to set this night apart as a distinctive memory in the two weeks of pre-Easter services.

A splendid quartet, composed of Rev. and Mrs. C. R. Ferguson and their guests, Rev. and Mrs. H. Framer Smith, of Philadelphia, Pa., will sing and this will be a treat out of the ordinary. Those who heard Mrs. Ferguson and Mrs. Smith, known as the Clossen Sisters, sing at Thursday night's meeting easily understood why they held such high rank as evangelistic singers. Their voices are of unusual sweetness, beauty and charged with feeling.

Friday afternoon a chain of forty-five prayer meetings, fifteen minutes in each home, were held and earnest prayers went up for the permanent success of these meetings and the bringing of souls into God's kingdom.

There was a goodly number out Thursday night and Dr. Faulconer delivered a strong sermon.

The public is cordially invited to come out to "Old Home Night."

Saturday will be a rest day and the campaign closes Sunday. Special music is being planned for Sunday. Dr. Faulconer on Monday goes to Cincinnati to hold a pre-Easter meeting.

TELLS OF DANGER OF CONSTIPATION

Declares what folks need is Earle's Hypo-Cod. Ordinary Treatment Waste of Time.

"I have gone through it myself and know what chronic constipation means and I know how to get rid of such troubles and build yourself up so quickly, that it's foolish to waste time or money any other way," declared E. T. Kagey.

"I was often troubled with constipation so bad I'd become dizzy and weak and often lose half a day from work. I got nervous too, and wouldn't rest good nights. My stomach bothered me so much I tried one thing after another. Lots of dishes I didn't dare touch and I had all the other troubles that go along with such complaints, but one day I asked a drug clerk what was the best thing he knew of for a case like mine and he said."

You build yourself up. Strengthen your system with a good tonic and you'll not be bothered any more, so on his recommendation I took home a bottle of Earle's Hypo-Cod and I'm here to say it is great. I am no longer bothered with constipation or dizzy spells. My nerves are stronger and I rest good at night I wake up feeling great. I have an excellent appetite and never bother what I eat. Everything agrees with me and since my stomach got in good shape I've been living on the dishes I used to have to pass up. I have been helped so quickly and so completely with this great remedy that I hope others having the same trouble will take my advice. It is the real remedy alright," continued Mr. Kagey (Black Lick, O.). About ten miles outside Columbus and a well known farmer there.

"Don't treat the symptoms," advises a well known authority on the subject, "Treat the cause," and when your system gets rundown and weak, remember that your stomach, bowels and whole system gets weak at the same time. Build yourself up and nine times out of ten all your symptoms and troubles disappear. Price \$1.25 plus 5c war tax.

FAULCONER CALLED BACK FOR SUNDAY

Dr. H. N. Faulconer, who was the speaker at the men's mass meeting last Sunday afternoon at the high school auditorium when eight men went forward at the close of the services will again appear under the auspices of the Young Men's Christian Association next Sunday afternoon.

The minister has announced as his subject, "An expensive Haircut or the Finish of an Old Sport."

The Beauty of the Styles

Spring emerges from Winter like the butterfly from the chrysalis—a joyous, happy time when youth and love of living show their influence in every fashion aspect. Many seasons have passed since there was such genuinely lovely things to wear at Eastertide, each exquisite in its detail and relation to the other.

Coats to Cover Smart Frocks

Coats and frocks are an inseparable pair, one calls for the other. The influence of the English topcoat is being evinced in spring styles, the most popular type being the polo coat fashioned of genuine camel's hair cloth in natural tan, belted or loose models, with raglan or set-in sleeves.

Suits for the Easter Promenade

Half the charm of this season's suits lies in the diversity of delightful modes. Bandings or huge pockets of embroidery decorate many suits of tricotine and Poiré twill. To give a charmingly youthful effect skirts of gay plaids or silks are jacketed with plain material.

Easter Blouses

For a perfect ensemble on Easter day there are blouses made entirely by hand, embroidered, or with insets of fine laces. Others are of filmy Georgette befrilled and betucked, of veiled chiffons in contrasting colors, Batik effects, fresh batistes and sheer, lacy nets.

The Fascination of the New Frocks

Fashion has favored lovely frocks, billowing in flounces, platings and all the modiste's artifices of bouffaney, and just as interesting

versions of slender chemise frocks, dependent for their charm on the cleverness of good tailoring. Tricotines, tricolettes, twills, tulle, satins and novelty weaves vie with one another to catch lady's fancy.

Spring Neckwear is Always Lovely

But it seems to us as though no season ever presented such effective Collars, Cuffs, and Vestees in as great a variety of charming modes as this Spring of 1920. The simplest dress may become very lovely and quite transformed by a dainty piece of Neckwear. The unbecoming plainness of a suitcoat is made very interesting with a smartly tailored collar new to this season. The collection of Spring Neckwear is complete in its readiness for your choosing.

Hosiery

Never was the vogue for exquisite hosiery of fine texture so rampant. One's taste in stockings is soon satisfied here for there is a multitude of delightful shades and textures.

Gloves

The return of the short sleeves brings a need for gloves. They are here in every length and style.

SCREEN CREATION OF FAMOUS NOVEL

William Farnum is said to be showing in the biggest role and strongest story of his career in "Wings of the Morning" a thrilling picturization of Louis Tracey's novel was shown at the Colonial for the first time Thursday and runs the remainder of the week.

"Wings of the Morning" is a sea story that for dramatic suspense, hair raising battles with an angry sea, a man's determination to cheat the ocean of its prey and a love story of intense human interest and heart appeal.

Outside of the wonderful portrayal by Mr. Farnum, there is a ship wreck that for realism is a marvel—in it a section of an ocean leviathan built at a cost of \$30,000, only to be wrecked by the sea on a rocky coast.

IT FELT LIKE MY BACK WOULD BREAK

Dull, aching pains over kidneys, pains in joints and muscles made life miserable for this Canton man.

The great root and herb remedy Drecto was quick in wiping away all his troubles.

"I've stayed on my job many a time with my back aching like it would break," said Mr. Clark Turner, a bricklayer who lives at 1001 Lawrence Road, Canton, O. "I think my kidneys were at fault, but no medicine I ever took helped me much. Every turn of movement gave me pain, and bending over or lifting anything heavy was specially painful."

"I also had a bad case of stomach trouble. After eating I'd have a full, heavy feeling and would belch gas. My bowels were constipated and my liver lazy, which gave me a tired, dull feeling every morning, making me grouchy. I was often dizzy and could see spots dancing before my eyes. My tongue was coated and breath foul."

"After taking Drecto I am happy to report a great change in my feelings. I can eat anything I want with no fear of gas or bloating as my stomach digests anything perfectly. I know my liver has been cleaned off thoroughly for those headaches, dizzy spells, tired, dull, grouchy feeling of mornings have gone, and I get up fresh and full of energy, ready for big work. The backache has been entirely relieved and the soreness in the joints and muscles gone. I believe in Drecto very strong, and have induced several friends to take it on account of what it did for me."

All good druggists sell Drecto and is highly recommended in this city by Frank Christopher, Druggist

We Make Old Furniture New

by upholstering it in leather, velvet or any other desired material. We do more, however, than just recover the furniture. We practically rebuild the chairs, davenport or other article, making them to all intent and purposes actually new. We shall be glad to call and give you an estimate.

EASTER GET READY

The Robin is whetting his throat and brightening his vest. The buds are getting ready to unfold. Here and there a blade of grass is about to "bust" forth from the warm dark loam. Why?

Because Easter is coming—Spring—the starting anew of the world's life, including the human hearts and spirits and ambitions.

Easter means shedding winter's gray grab—tuning up to the wonderful days ahead. A man's way is to step forth in new attire.

Kuppenheimer Good Clothes

express your "Springy" feeling properly. They are nice in their American fashion—they are earnest in their quality of material and workmanship. And they are true in their wear-worthiness. Kuppenheimer good clothes are an investment—not only because they wear longer and wear properly, but they give your personality a right interpretation. They are proper companions to reflect yourself to the world that you mingle with.

Typical American clothes—and we are mighty glad to have men know that we sell them.

BIG AUDITORIUM PROPOSAL GROWS

Sentiment favoring the erection of a large auditorium in this city—a proposal made at the recent banquet of the Fayette County Fish and Game Protective Association—is growing rapidly and seems to favor the construction of a building worth while rather than one of a more or less temporary nature as first indicated.

It is now suggested that a structure worth while be erected—one that could be used for conventions and large meetings of all kinds and to be a real community building.

It is expected that the proposal will be given serious consideration at an early meeting, and that if the proposition assumes something like definite form a general call will be issued and a building committee of the association picked to make recommendations.

It is the general opinion that if the Fish and Game Association takes up the proposal that it will be done in the right way.

CATHOLIC CHURCH MAKES BIG GAIN

New York, March 26.—The official Catholic directory for 1920, made public, announces an increase of 186,224 in the membership of the church last year, bringing the total membership in the U. S. and its possessions up to 27,650,204. The number of archbishops was increased from 14 to 16, according to the directory, but the number of bishops was decreased by deaths. There was an increase of 1079 seminarians. New parishes totaled 148, and two new orphan asylums were established.

The secular clergy now number 15,389, an increase of 337, while priests of religious orders number 21,419, an increase of 94.

CITY FIREMAN HAS MADE GAIN OF 20 POUNDS

Had Flu and Lost 48 Pounds
Before He Started Taking
Vola-Tonic

Fireman J. W. Jones, of Company No. 21, Cincinnati Fire Department, who lives at 1844 Westwood street, Cincinnati, has gained 20 pounds weight since he started taking Vola-Tonic, "Builder Of Strength."

"I was in a seriously weakened, run-down condition when I got over influenza last winter and I kept on losing weight until I had lost 48 pounds in all," Fireman Jones said.

"My appetite was almost completely gone and the little food I did eat didn't agree with me and didn't do me any good. Gas formed on my stomach after every meal and I was troubled with constipation, too. I had headaches nearly all the time.

"I have an excellent appetite since I have been taking Vola-Tonic and everything I eat digests perfectly. As a result I have gained 20 pounds. The constipation has disappeared and the headaches have left me.

"My wife took Vola-Tonic also after she had influenza and it made a new woman of her.

"Both of us are satisfied that Vola-Tonic is just what we needed."

Thousands of men and women praise Vola-Tonic just as highly as Fireman Jones does because of the strength and better health they have derived through its use. If you are feeling weak and run down try this medicine that has helped so many others.

You can get Vola-Tonic, "Builder Of Strength," in Washington C. H., at Frank Christopher's and in Jeffersonville at J. B. Davis'. — Advt.

RESTFUL RESULTS FOR HER

Only a person who has experienced that awful "all night" cough that sometime follows influenza can appreciate what a good night's sleep can be. Mrs. Annie Davison, 2080 Myrtle St., Long Beach, Cal., had such a cough. She writes: "The results of using Foley's Honey and Tar was a restful one for me." Blackmer & Tanquary.—Advt.

PE-RU-NA Made Me a Well Man

Mr. Louis Young, 1652 Clifford St., Rochester, N. Y., writes:

"I suffered for thirty years with chronic bowel trouble, stomach trouble and hemorrhages of the bowels."

"We bought a bottle of Peruna and I took it faithfully, and I began to feel better. My wife persuaded me to continue, and I took it for some time as directed. Now I am a well man."

Suffered thirty years with stomach trouble and hemorrhages of the bowels.

PINTO RELEASED WILL BE PLACED

Lack of experience has cost Lerton Pinto, southpaw pitcher of Yellowbud, Ohio, who was attached for a time to the Washington Athletics, a berth with the Columbus Senators for their 1920 Association race. Pinto showed all the "stuff" that goes to make up a reliable twirler but he lacked the polish that a league pitcher must possess. Before landing a tryout with the Senators Pinto had pitched in no faster company than semi-professional teams appearing here and still has lots of time in which to develop. Columbus will probably attach a few strings to him and place the youngster in a slower league than the Association.

Clyde Tuttle, sportswriter of the Ohio State Journal says concerning Pinto, "Pinto has the earmarks of quite a pitcher, but he is far too green for Association company. An effort will be made to place him for the season with some club in a slower league in the hope that he will develop into a winner."

URGE VACANT ROOMS BE USED AS FLATS

Owners of business blocks with second or third floors which are not being utilized are beginning to realize that if the rooms are formed into suites that they will speedily be taken for residence purposes, and each suite of rooms will take the place of one house and assist in meeting housing problems, as well as bring in a good rental for the owner of the rooms now vacant.

A man in touch with the situation believes that fully one dozen suites of rooms—possibly many more—could be arranged for residence purposes.
